

Why is the relationship that plants and animals share crucial to the survival of life?

Respiration Equation

Comparing the Processes

Photosynthesis Equation

How are the processes related?

Glue this side down into  
your ISN using only

4 dots of glue

"A dot is a lot!"

Unit:

Why do cells need it?

ENERGY = \_\_\_\_  
A \_\_\_\_ T \_\_\_\_ p \_\_\_\_

Where does it originate from?

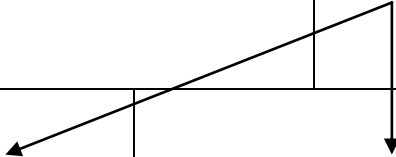

How does the molecule work?

How is energy produced in an Animal Cell?

\_\_\_\_\_

Happens in the:

Step		
1:		Product(s)
2:		
3:		Product(s)

STOP

How is energy produced in a Plant Cell?

\_\_\_\_\_

Happens in the:

Step		
1:		Product(s)
2:		Product(s)

What is the role of chlorophyll?
