

# I am ...

Getting to know each other is an important step towards having a great school year. We all have unique personalities and interests that make us special. Now that you've learned more about me, it is your turn to tell me about you!

Your job is to use a Kleenex box and tell me about yourself. The box should include:

1. A picture of you (current or past)
2. Words that describes you
3. Any other pictures/cut-outs that symbolize your interests and hobbies
4. Your favorite quote
5. And anything else that tells me who you are!

I will display these boxes in the classroom throughout the year, to share with your peers and any visitors in our class.
